

Dear Captain / Hiring Manager,

My name is Carles Oliva.

I am writing to express my strong interest in joining your deck team as a Junior Deckhand / Deckhand.

I am a motivated maritime professional based in the Barcelona area, eager to build a long-term career in the yachting industry. I am looking for the opportunity to learn deck operations properly from an experienced crew while contributing proactively to the daily maintenance, operation, and high standards of your vessel.

Although I am at the beginning of my professional career in yachting, I have deliberately been building a strong foundation of maritime qualifications and practical experience. I hold the STCW Basic Safety Training, STCW Deckhand Seaman, STCW Engine Room Seaman, STCW Specific Initial Health & Safety Training (ISM), a Spanish "PER" recreational skipper qualification (currently taking the Port Skipper course), and a Jet Ski Rental Instructor qualification. I am also a Natural Environment Lifeguard, an Open Water Diver, and an active practitioner of freediving and rock climbing, giving me extensive practical experience working in and around the sea in physically demanding environments.

For the past two seasons, I have worked as a lifeguard on Castelldefels beach—specializing in jet ski rescues in the kitesurfing area—where I developed strong teamwork, responsibility, situational awareness, and the ability to remain calm and effective under pressure. I have also worked as a professional tour guide in Barcelona, mainly with English-speaking visitors, which sharpened my communication and customer-service skills. In addition, living and working in the Netherlands for a year provided me with valuable experience adapting to new environments and working far from home.

I am physically active, healthy, accustomed to working outdoors, and very comfortable with hands-on technical work. I am eager to contribute across all aspects of deck operations, including washdowns, exterior maintenance, paint and varnish preparation, tender operations, line handling, and general yacht maintenance. I fully understand that an entry-level deckhand position requires humility, discipline, attention to detail, and a strong willingness to start from the basics.

I speak English fluently and Spanish natively, and I work exceptionally well within international teams. I am reliable, respectful, and eager to learn from experienced crew members. My goal is not simply to find a seasonal job, but to establish myself in the yachting industry and progressively develop the skills required to build a long-term career on board.

I am based in Barcelona, holds valid EU work eligibility, and am readily available to join your vessel. I hold all necessary safety certifications and am prepared to complete any additional medical or documentation requirements, including the ENG1 or equivalent seafarer medical.

I have attached my CV for your consideration and would welcome the opportunity to discuss how I can contribute to your vessel and crew.

Thank you for your time and consideration.

Kind regards,

Carles Oliva García | Barcelona, Spain
